

Toolbar selection for MC

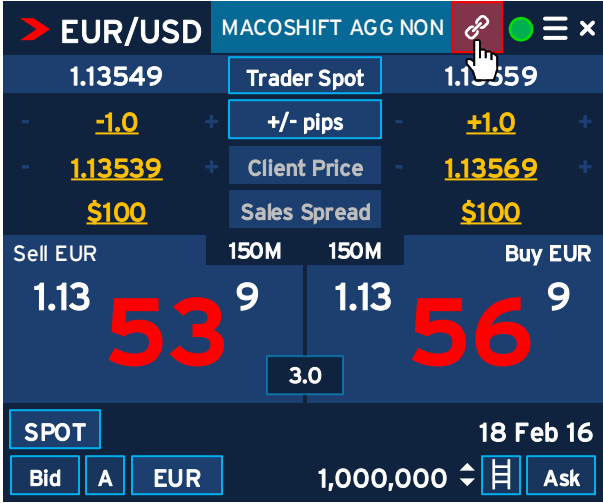

A Marketing Client has been selected in the toolbar

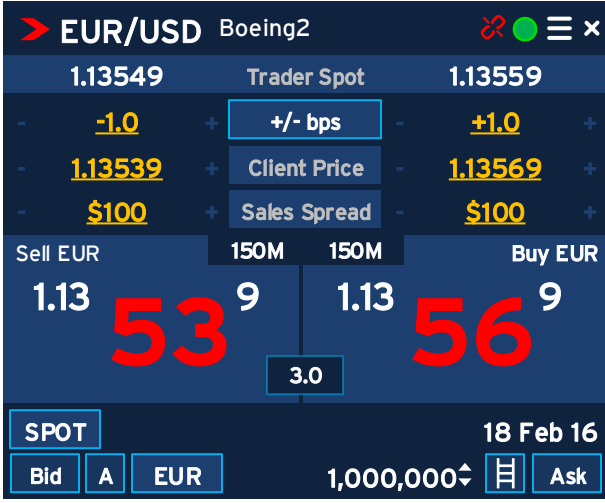

A global MC is chosen, the first K1 is picked by default for all sales tiles

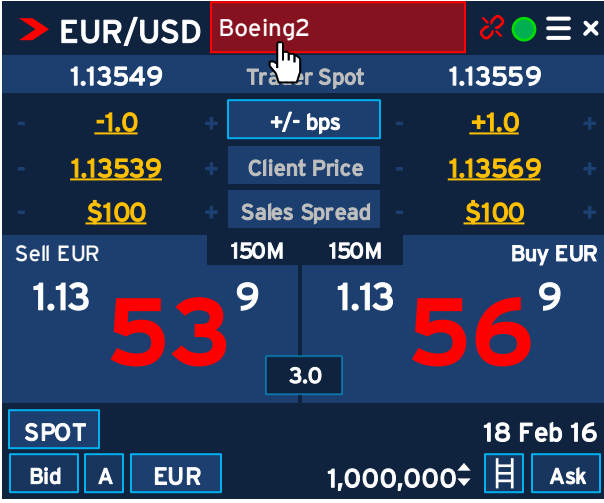

Selecting a new K1, showing multiple accounts related to the MC (Height Constrained < 360px)

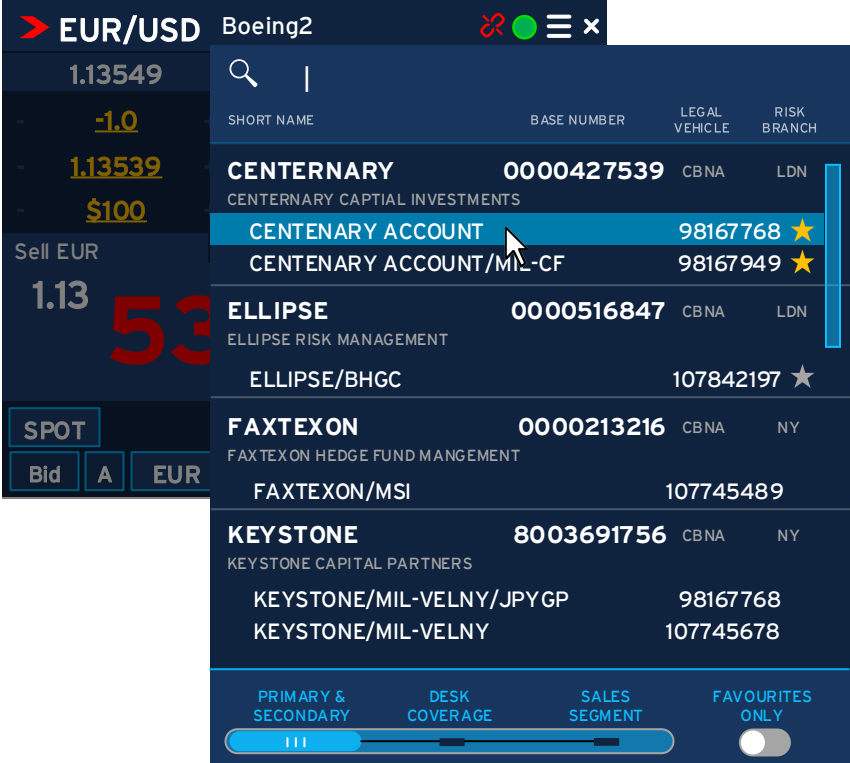

K1 is unlinked from the specific sales tile

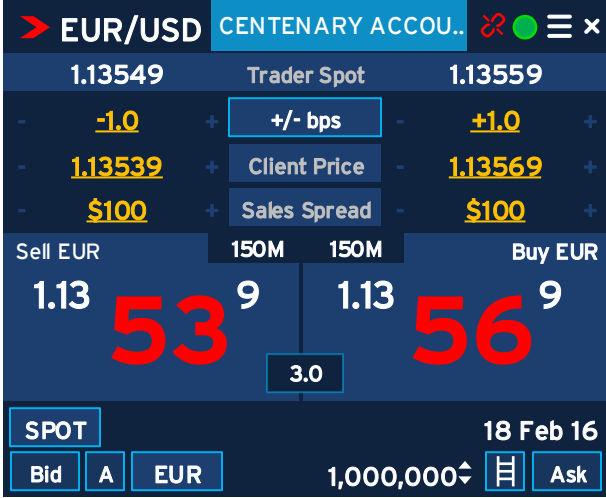

When unlinked a default account is selected

Hover on the Sales Tile Client Picker

When the tile is unlinked, the user is free to choose any account / k1

When a different MC, Account and K1 is selected.
